As one of the leading international commercial real estate lenders, we provide valuable insights into property markets across the globe. For clients in Europe, North America, and Asia-Pacific, we are a trusted partner when it comes to financing retail and logistics properties. You'll become part of our Special Property Financing unit, directly working on projects from start to finish while gaining hands-on experience. Our career development approach offers you a unique opportunity to grow both personally and professionally.

What you can look forward to:

Be a full-fledged team member from day one, actively involved in managing existing key accounts and acquiring new business opportunities.

Take ownership of analyzing financing requests from top-tier sponsors, primarily for commercial real estate in Europe, with potential exposure to Asia-Pacific and North America.

Conduct market research on property markets and key players.

Prepare detailed loan proposals for the Management Board and contribute to contractual negotiations with clients and legal advisors.

Monitor and manage our existing loan book while playing a key role in ongoing projects.

Expand your professional horizons by participating in networking events, training courses, property inspections, and potentially gaining hands-on experience in one of our international locations.

What we look for:

You hold a university degree (bachelor's, master's, diploma) in economics, engineering, law, property management, or a related field.

You are fluent in English; knowledge of another language is a plus.

You have gained first practical experience ideally in finance or the real estate sector.

International work or study experience is an asset, and a genuine interest in the property sector is essential.

You're well-organized, detail-oriented, and self-motivated, with strong communication skills (both written and verbal).

You thrive in a team environment and are excited to work on complex, dynamic transactions.
